I will have to check into that answer. Sorry.

Oh, I see. Just to be sure that we have everything regarding the Section 7 consultation, am I correct in assuming that there were no subsequent IntraService forms or documents regarding informal consultation for the CCP?

Thanks.

Randy

Randy,

The way the IntraService form works is (when necessary) the Ecological Services concurs on the same form submitted by the field station. Dean apparently submitted this form with a NLAA determination.

Susan Linner (former Chief of the Colorado Ecological Services Field Office) signed the bottom of the form that I sent to you which denotes her concurrence with what Dean submitted.

Thanks,

David

Hi David,

I hope you had a nice weekend.

Thank you for proving to me on Friday the July 18, 2003 Intra-Service Consultation (Section 7) letter requesting concurrence for the Rocky Flats CCP. It's sister document would be the FWS concurrence letter in response to that July 18 letter. Did the agency provide concurrence and would you be willing to provide that letter as well?

best,

Randy
